A Glance Back at 2013

Did you “Step Back in Time” with us? Working together with the Tillamook Pioneer Museum, Latimer Quilt & Textiles, Oregon Coast Scenic Railroad, and the Tillamook Air Museum we hosted a special day long event called “A Step Back in Time”. We offered flat ticket pricing, and special events for visitors, and planned in conjunction with the “Tuna Classic” to give fishermen’s families something fun and educational to do while visiting the coast. Our local community enthusiastically embraced a chance to revisit their local history. The only complaint? There wasn’t enough time to see everything! For 2014 we will make this a multiple day event, including more organizations and working with local restaurants to offer discount lunches. Stay tuned!

Our September Artist’s showing with Donna Ludwig Peterson, was well attended and the admiring comments numerous. She’s part of a group show this year too!

While we are closed for winter hiatus, we’ve been doing some tweaking to make the museum even more interesting. There will be a new area devoted solely to the US Coast Guard, our artifacts from Garibaldi’s logging industry move into a new spot in the lobby where they will receive the attention they deserve. There are interesting changes upstairs too! The more mundane of those involved minor repairs but our firearms collection has been rearranged and new ship models have appeared. Stop in and see for yourself. We would LOVE to see you!

## Coming in 2014...

### Inflation Affects Museums Too!
We don’t like to do it! This is the first adjustment to our admission prices in many years but with the rising cost of utilities, and associated costs of running a museum, the board unanimously decided the time had indeed come.

**New rates:**
- General admission: **$4.00**
- Seniors 62+: **$3.00**
- Members & Kids 10 and under: **Free**
- Groups of 10 or more: **$2.50**
- School groups: **$1.00**

### Artist Showings in 2014…
We are quite excited about our lineup of artists this year. We have twice as many artists showing this year so the variety is impressive. If you’ve already toured the museum and just stop in to see the artist showing—admission is free! We hope to see you each month!

If you know of a local artist who might like to show with us, please have them get in touch at: info@garibaldimuseum.org or call at 503-322-8411

**We had 4118 visitors in 2013!**
Almost half visited in the four months August thru November.

### Meeting/Reception Room Available
Our Community room, complete with kitchen, restrooms, and a capacity of 60 people, is available for rental at $100 per day. **The Museum Building Needs Your Help!**

In the winter of 2012 a leak developed in the SW corner of the museum. It was determined that the leak was caused by damage to the roof. In June, once the rains ended, the leak in the roof was repaired—at a cost of $7385.

There was visible damage in the upstairs restroom. Sheetrock bulged and paint peeled. The museum decided to wait for winter closure to address the interior damage, so the restroom would remain available for guests. After our closure on 12-1-13, the sheetrock was pulled off the wall and we found more damage than expected: structural decay and insect damage to the support beams and flooring. Bids were obtained to correct these issues and a bid of $7930 has been accepted to repair the damage and will assure the structural integrity of the building.

We need your help to offset some of these unexpected building repairs! If you can find it in your heart to donate some tax free dollars (any amount helps!) to our beloved museum, it would be so appreciated! We cannot have a museum for our exhibits and provide a space for events offered without a sound building!

**Seeking Volunteers!**

Do you know someone who might enjoy keeping the museum humming? We had 4118 visitors last year. That’s almost 500 a month! GMM is a vital hub for cultural events on the Northern Coast. Your talents are welcome at the Museum—and appreciated beyond words! Come on in and talk to Anna about your available time frame and interests. The atmosphere at the museum is friendly and laid back. If you have never been to the museum, set aside a couple of hours and visit us - you are in for a very pleasant surprise!
... Ahoy Matey!

I know, I know, we should stop goofing around, but Garibaldi Appreciation Days was well attended, light-hearted, and everybody loosened up and had fun! We encourage fun at our museum. Our volunteers and board members enjoy each other’s company, feel personally invested in the future of GMM, and don’t hesitate to carry on with a boisterous sense of humor.

Capt. Robert Gray Sign Dedication

On Sept 7th of 2013, a brand spanking new sign was placed to commemorate Capt. Robert Gray’s historic journey. The dedication was attended by representatives of The Pioneer Museum, the Garibaldi Maritime Museum, and Oregon Black Pioneers. The sign resides in the viewpoint next to Pirate’s Cove restaurant. Pull over and take a look next time you drive by!

Become a Friend of the Garibaldi Museum

Tillamook County is fortunate to have its very own maritime museum, celebrating the history of Captain Robert Gray, 18th century sailing, the story of Garibaldi, Oregon - and much more. As our national economy faltered, we’re thankful to our local friends for their continuing support. That’s commitment! Will you help the museum continue its mission of cultural preservation and education in your local community by joining or renewing your membership in the Friends of the Garibaldi Museum?

Our Mission...

• To enhance the maritime heritage of the Pacific Northwest with a focus on Captain Robert Gray’s historic voyage through The Tillamook Passage;

• To provide a vital, cultural hub for communities throughout the Pacific Northwest region, providing educational opportunities and events of interest for all ages;

• To encourage awareness, understanding, and study of the cultural and historical aspects of shipbuilding, sailing, and navigation, including celebration of the rich stores of literature, art and music; as it was in past eras and as it relates to modern maritime practice.
