In our words, what is our vision for the Garibaldi Museum...

In my role as President my specific vision is to see the museum continue to grow as a vital component to the success of the entire Garibaldi community and Tillamook County tourism in general. I also envision the continuing success of our local, hard-working, dedicated, and team oriented, volunteer Board, Advisors and staff.

-Christine Bacon: Board President

My vision is to continue to improve the museum. To promote it so many people will be aware of the wonderful museum it is. To be anxious to come in and enjoy the many historical items and displays that is offered here. It is so charming and interesting along with being very educational.

-Terry Walhood: Board Member
