What’s New in the New Year

The Garibaldi Museum is preparing for a great 2013 season beginning with a special early opening during the week of Spring Break (March 23-24 & March 28-April 1). Join us Saturday, March 23rd and Saturday, March 30th for refreshments and special activities including a scavenger hunt with prizes. Come and see what’s new at your only local maritime museum!

You’ll notice several changes at the museum, beginning with the appearance of the building.

Thanks to local artist Dan Arnold, the outside mural is restored and more beautiful than ever (read more on page 5).

Inside, volunteers have contributed many hours on building projects, painting, and helping redesign the gift shop.

In addition to physical updates to the museum, manager Anna Rzuczek is working hard to schedule a wide variety of fun, educational, and cultural events for the whole family. Look for more information in the following pages and remember - many events are provided FREE of charge as part of the museum’s mission to serve the community.

Thank You for Joining Us

Visitors had a hauntingly good time at the Garibaldi Museum Halloween Celebration on Sunday, October 28th. The museum’s own Anna Rzuczek appeared out of the past in authentic 18th century garb and welcomed visitors with a variety of activities and treats.

The Museum then hosted an Open House on Friday, November 23rd & Saturday, November 24th. The annual event was well attended. Visitors enjoyed refreshments, a gift raffle, and special discounts in the gift shop. Not only was it a great opportunity to pick up special gifts for the holidays, but it was a chance for visitors to share with those in need by donating non-perishable food. All food donations went to the Garibaldi Food Pantry.

Thank you to everyone who participated in these events that wrapped up the 2012 season. We look forward to providing many fun and engaging events in 2013.

Local Artist Completes Mural Restoration

Coastal weather has taken its toll on the mural gracing the front of the museum. Local artist, Dan Arnold worked many hours to bring life back to the mural. He then added a layer of sealant to help protect the artwork and building against the elements.
